## CEPINA

### 1001 METRES ABOVE THE EVERYDAY.

Dreaming of life and living the dream – your CEPINA bedroom knows your heart's desire: a mountain landscape both verdant and rugged. With clean lines, traditional materials and exquisite details, CEPINA brings alpine lifestyle to the city and modern rural living to your home. Transforming your bedroom into a holiday paradise, far from work and everyday concerns. And instead of “good night!”, you hear a gentle whisper “The mountain is calling...”

We've got wood: alpine to the core with real metal fittings and wooden handle fittings.

My heart is in the high pastures: a mountain romance for your home – surrounded by wood and warmth.

### THE POWER OF THE ELEMENTS.

---

The mountains are a world of beauty and contrasts. Sun and snow, wind and weather, idyllic mountain pastures and jagged summits. A fascinating biotope which is also reflected in CEPINA's design: elegant basalt tones combine with spruce surfaces – telling tales of harsh winters and hot summers which scorch their memory into the living world. Unique, natural, weathered and in a colour spectrum from brown to silver-grey, you can combine CEPINA with any number of tones. To create a truly elevated experience: a panorama you will never tire of seeing!

### THE PEAK OF DEEP RELAXATION.

Every mountain produces its own unique stamp on the horizon and CEPINA has the same rare signature. For example, in the marriage of traditional wood and broad, bright surfaces: an empire of peace and tranquillity. And relax! Here, you are at home.

## CEPINA

THE MOUNTAIN IS CALLING  
“GOOD NIGHT”.

It is the moment that you stop and your inner sat-nav says “you have reached your destination”. That’s the unique feeling of CEPINA. A world which is definitely not made for everyone. But is the essence of your home!

Lots of wood. Steep lines. And watch out for the light. This is the meeting place for urban lifestyle and alpine aesthetics. This is the space for your ideas. And this is the space for rest and relaxation.
